Brother Phelps,

I learn by the papers that you have organised a new Abolition Society. I think it is right & trust it will be for the furtherance of the good cause; & I can most cheerfully bid you Godspeed. -

When I saw you in N. Y. I told you that I should probably leave here; - I am still of that opinion, & have so far determined on it that I am now casting about for a field of labor. You told of some vacancies in Mass. I think Haverill, Andover, Danvers, & some others, in none of them am I acquainted. If you think fit you can mention my name to any of them, & if properly requested, (Desiderate) I should be willing to visit them & become acquainted. - I feel a desire to have my mind settled on a field of labor, though I have not yet asked a dismission. I am willing to commit my way to the Lord & let him direct my steps.
